7. Grounds for Refusal

7.1 Grounds for refusal: Except where expressly permitted otherwise under the Act or Section 4.6.1 of this RAO, an Access Provider shall not refuse an Access Request, except on the grounds that:

- (a) The Access Provider does not currently supply, or provide access to, the relevant Facilities and/or Services to itself or to any third parties (in which case it shall identify any alternative facilities and/or services which it does provide to itself or to any parties, which may be acceptable substitutes), except where the Access Seeker compensates the Access Provider for the original supply of access to Facilities and/or Services to the Access Seeker;
- (b) the Access seeker has not provided all the information required to be provided in accordance with sections 4.1, 4.2 and 4.3 of Chapter 4 this RAO;
- (c) It is not technically feasible to provide access to the Facilities and/or Services requested by the Access Seeker;
- (d) subject to this RAO, the Access Provider has insufficient capacity or space to provide the requested Facilities and/or Services;

- (f) there are reasonable grounds to believe that the Access Seeker would fail, to a material extent, to comply with the terms and conditions applicable to the supply of the Facilities and/or Services; or
- (g) there are reasonable grounds for the Access Provider to refuse access in the national interest.

7.2 Technical infeasibility: For the purposes of subsection 7.1(c) of this RAO, an Access Provider shall not refuse an Access Request on the grounds of technical

infeasibility unless the Access Provider establishes that there are substantial technical or operational concerns preventing the fulfillment of the Access Request. Each of the following matters shall be taken into account in determining whether access is technically feasible:

- (a) economic, accounting, billing, space or site concerns shall be disregarded by the Access Provider except that space or site concerns may be taken into account in circumstances where there is no possibility of expanding the space available on the relevant site;
- (b) any requirement for the Access Provider to modify its facilities or Equipment in order to meet the Access Request will not, on its own, mean that the access is not technically feasible;
- (c) if the Access Provider asserts that meeting the Access Request would have an adverse impact on network reliability, the Access Provider must provide evidence that provision of the requested Facilities and/or Services would result in a specific and significant adverse impact on network reliability; and
- (d) the Access Provider must be able to demonstrate that it has considered and found out not to be technically feasible (in accordance with this subsection) improvements that would allow the Access Provider to meet the Access Request (in whole, or in part, and including for an interim period until any primary difficulties can be resolved).

7.3 Capacity constraint: An Access Provider may only refuse an Access Request on the ground that an Access Provider has insufficient capacity or space under subsection 7.1(d) of this RAO where the Access Provider notifies the Commission in writing that it does not have sufficient capacity to meet the Access Request because the requisite capacity is:

- (a) already carrying traffic to full capacity or near full capacity; or
- (b) already reserved for future use by the Access Provider or another Access Seeker, where such future use shall commence not later than six (6) months from the date of the Access Request. If the reserved capacity is not subsequently used by the reserving party within seven (7) months from the date of the Access Request, the Access Provider must promptly inform the Access Seeker and, if required by the Access Seeker, re-consider the Access Request in accordance with the process set out in Chapter 4 of the RAO; and
- (c) in the case of both subsections 7.3(a) and 7.3(b) of this RAO, the Access Provider is unable to expand capacity to meet the requirements in the Access Seeker's Access Request.

3. General

3.1 An Operator may not commence court proceedings relating to a Dispute which is the subject of these Dispute Resolution Procedures until it has complied with each applicable process in these Dispute Resolution Procedures, other than an application for urgent interlocutory relief. Nothing in this subsection shall be construed as ousting the jurisdiction of any court.

- 3.2 Both Parties to a Dispute shall ensure that their representatives acting in relation to a Dispute are of sufficient seniority and have authority to settle a Dispute on their behalf. At the commencement of the Dispute Resolution Procedures, each party must notify the other party of the scope of the authority of each of their representatives. If, in the course of the Dispute Resolution Procedures, it is identified that the matters to be resolved are outside the initial term of reference for which authority was given to the representative, a party may require that those matters be referred to more senior officers of that party who have authority to settle those matters.
- 3.3 During a Dispute and any dispute resolution process invoked in accordance with the Annexure, an Access Provider and Access Seeker must continue to fulfil the obligations under the Access Agreement between them.
- 3.4 The Parties to a Dispute shall exchange information of a type described in the MSA Determination during the course of, and to facilitate, resolution of the Dispute.

- 3.7 The costs of the arbitration are to be shared equally between the parties, unless the arbitrator of the Dispute has decided not to determine the Dispute in accordance with subsection 3.6 above. If an arbitrator decides not to determine the Dispute, the party that initiated the Dispute must pay the other party's costs.

4. Inter-party working group

- 4.1 In the first instance the Access Seeker and the Access Provider should attempt to resolve the Dispute between themselves.
- 4.2 The Access Provider and the Access Seeker shall establish a working group, or working groups, to fulfil the requirements of subsection 4.1 above. 5.4 When relying on the services of a Technical Expert, the following dispute resolution procedures will apply to the Technical Expert:

- (a) the Parties will present written submissions to the Technical Expert and each other within fifteen (15) Business Days of the appointment of the Technical Expert; and
- (b) each party may respond to the other party's submission in writing within fifteen (15) Business Days from the date of the other party's submission.

5.5 At the request of either party and subject to the parties agreeing, or the Technical Expert deciding within five (5) Business Days of the last written submission, that the arbitration by the Technical Expert should be by documents only, a Technical Expert hearing will be held within fifteen (15) Business Days of the last written submission.

5.6 Should a Technical Expert hearing be held, each party will have the opportunity of making an oral submission. This process will be conducted in private.

5.7 The procedure for hearing technical disputes will be determined by the Technical Expert (including number and duration of oral submissions by the Parties) but in any case, the Technical Expert's hearing will last no longer than three (3) Business Days.

5.8 The Technical Expert will not have the power to appoint any other experts.

5.9 The Technical Expert will deliver his or her award within fifteen (15) Business Days of the hearing or of the last written submission where the arbitration is by documents only.

5.10 Every Dispute referred to a Technical Expert will be considered separately so that time limits for each Dispute are complied with.

5.11 The Technical Expert's decision will be binding on the Parties (in the absence of manifest error of fact or law).

6 Billing Dispute resolution

6.1 As outlined in the billing provisions in Chapter 6 of this RAO, a party ("**Invoicing Party**") shall provide to the other party ("**Invoiced Party**") an Invoice in writing, or in such electronic form as may be agreed from time to time, for amounts due in respect of the supply of Facilities and/or Services during such Billing Cycle.

6.2 An Invoicing Party shall allow an Invoiced Party to dispute an Invoice prepared by the Invoicing Party if:

(a) in case of any other Facilities and/or Services, the Invoiced Party notifies the Invoicing Party within thirty Business Days after the date of receipt of such Invoice, provided that, in any case specified above, the Invoiced Party's Billing Dispute Notice specifies the information in accordance with subsection 7.4 of this Annexure.

6.3 A Billing Dispute may only arise where the Invoiced Party has reasonable grounds to believe that an error has arisen from one of the following circumstances:

(a) the Invoicing Party's Billing System is, or has been, defective or inaccurate in respect of the recording of the calls which are the subject of the Dispute;

(b) there is, or has been, a discrepancy between the Invoice in dispute and the records generated by the Invoiced Party's Billing System;

(c) there is, or has been, a fraud perpetrated by the Invoicing Party; or

(d) the invoicing Party has made *some* other error in respect of the

recording of the calls or calculation of the charges which are the subject of the Billing Dispute.

6.4 A Billing Dispute Notice given under this section 7 must specify:

- (a) the reasons for which the Invoice is disputed;
- (b) the amount in dispute,
- (c) details required to identify the relevant Invoice and charges in dispute including:
 - i. the account number;
 - ii. the Invoice reference number;
 - iii. the Invoice date;
 - iv. the Invoice amount; and
 - v. billing verification information; and
- (d) evidence in the form of a report, indicating the relevant traffic data which is in dispute.

6.5 The Invoiced Party may withhold payment of amounts disputed in good faith in accordance with subsection 5.11.11 of the MSA. If the Billing Dispute is resolved against the Invoiced Party, that Invoiced Party shall be required to pay interest at the rate specified in subsection 5.11.15 of the MSA on the amount payable.

6.6 Where the Invoiced Party has paid an amount and subsequently notifies the Invoicing Party of a Billing Dispute in relation to that amount within the Billing Dispute Notification Period, the Invoicing Party is not obliged to refund any or all of that amount until the Billing Dispute is resolved in respect of that amount. Once the Billing Dispute is resolved, if the Invoicing Party is obliged to refund an amount to the Invoiced Party, interest will be payable on the refunded amount at the rate specified in subsection 5.11.15 of the MSA Determination. In such circumstances, interest will be payable from the date the Invoiced Party paid the disputed amount to the date of the refund by the Invoicing Party.

6.7 The parties agree to use their reasonable endeavours to promptly resolve any Billing Dispute notified under this section 7.

6.8 If the parties are unable to resolve any Billing Dispute within one (1) month (or such other period as the parties may agree) from the date on which the Billing Dispute Notice is received, either party may seek the consent of the other party to extend the period for resolution of the Billing Dispute stating the exceptional reasons for such extension. The other party is, however, under no obligation to agree to such extension.

6.9 To the extent that a Billing Dispute notified under this section involves a Billing Dispute with an international correspondent of the invoicing Party, the Dispute Resolution Procedures shall be suspended for a reasonable period of time pending resolution of the Billing Dispute with that international correspondent. As a general rule, the period of suspension will not exceed four (4) months. However, the parties shall recognise that some Billing Disputes with international correspondents may take longer to resolve, in which case the Invoicing Party must promptly inform the Invoiced Party of the likely period required for resolution.

6.10 Once the negotiation period under subsection 7.8 of this Annexure (including any extension agreed) and any suspension period under subsection 7.9 of this Annexure have expired, the Billing Dispute may be referred by the Invoiced Party to the procedure described in subsection 7.11 of this Annexure ("**Billing Dispute Escalation Procedure**").

6.11 The Invoiced Party may refer a Billing Dispute to the Billing Dispute Escalation Procedure under this subsection 7.11 by notifying the Invoicing Party's Billing Representative. Both parties shall then appoint a designated representative who has authority to settle the Billing Dispute, and who is at a higher level of management than the persons with direct responsibility for administration of this Standard. The designated representatives shall meet as often as they reasonably deem necessary to discuss the Billing Dispute and negotiate in *good faith* in an *effort* to resolve such Billing Dispute. The specific format for such discussions will be left to the discretion of the designated representatives, however all reasonable requests for relevant information made by one party to the other party shall be honoured.

6.12 Once any Billing Dispute has been resolved to the parties' satisfaction, any sum to be paid or repaid shall be paid by the relevant party within ten (10) Business Days from the date of resolution of the Billing Dispute.

6.13 Although it shall be the good faith intention of the parties to use the above Billing Dispute Resolution Procedures to the fullest extent to try to solve Billing Disputes, nothing in this Annexure shall prevent either party from pursuing any other remedy in law or equity that may be available to them if a Billing Dispute cannot be resolved to their satisfaction.

6.14 A party may request a joint investigation of Invoice discrepancies after that party has conducted a comprehensive internal investigation, including an examination of its own Billing System. Prior to commencement of the joint investigation, the parties must agree on the terms of the joint investigation, including:

- (a) the scope of the joint investigation;
- (b) how the joint investigation will be conducted; and
- (c) the date by which the joint investigation must be concluded.

The joint investigation may include the generation of test calls to the other party's Network.

6.15 Enquiries relating to billing, collecting and settlement arrangements or in relation to Network and operational issues may be directed to the Billing Representatives nominated by each party.

6.16 Either party may at any time nominate another Billing Representative, provided that ten (10) Business Days prior notification of such appointment is given.

6.17 If the Billing Dispute Escalation Procedure has been exhausted, either party may refer the Billing Dispute to the Commission for resolution under Chapter 7 of Part V of the Act.
